(+250) 793 092 181 bgiday@andrew.cmu.edu

SUMMARY

I am a seasoned software developer with over 4 years of experience, specializing in fullstack web development and UI/UX design. My expertise lies in technical leadership, conducting thorough code reviews, and architecting robust solutions. I have a proven track record of spearheading critical projects, mentoring junior engineers, and ensuring code quality through meticulous reviews. I am passionate about optimizing performance, streamlining workflows, and fostering collaboration across cross-functional teams. Whether shaping architectural decisions, driving best practices, or mentoring the next generation of developers, I am dedicated to delivering excellence in all aspects of my work.

BDUCATION Master of Science in Information Technology 2023-2025	delivering excellence in all aspects of my work.	
Carnegie Mellon University Africa Specializations: Software & Artificial Intelligence Bachelor of Science in Electrical & Computer Engineering Addis Ababa University Specializations: Computer Engineering PROFESSIONAL EXPERIENCE Senior Frontend Developer Better Mobile Security, USA • Senior Front-end developer, UI/UX designer • Designed and developed seamless web apps that helped users accomplish their tasks. • Collaborated closely with cross-functional teams, including backend developers and UI/UX designers Senior Frontend Developer DoubleDice, Belgium • I undertook the development of dynamic user interfaces utilizing Web3 technology • Successfully integrated Web3 technology into our projects • Conducted thorough code reviews, identifying potential issues. • Instituted robust quality assurance procedures. Frontend Developer and UI/UX designer MAD Technologies, Ethiopia • I have worked as a front-end developer, UI/UX designer, and WordPress and Webflow developer • Designed and developed seamless web apps that helped users accomplish their tasks. • Utilized a combination of technical ability and creativity to build high-quality and highly functional websites. PROJECT WORK Vistar Web App (On going) Better Mobile Security, USA • Tools & software: Next]s, Redux, Ant design, Docker, GitHub Actions • Senior Frontend developer * Tech Lead*		
Specializations: Software & Artificial Intelligence Bachelor of Science in Electrical & Computer Engineering Addis Ababa University Specializations: Computer Engineering PROFESSIONAL EXPERIENCE Senior Frontend Developer Better Mobile Security, USA Senior Front-end developed seamless web apps that helped users accomplish their tasks. Collaborated closely with cross-functional teams, including backend developers and Ul/UX designers Senior Frontend Developer DoubleDice, Belgium I undertook the developement of dynamic user interfaces utilizing Web3 technology Successfully integrated Web3 technology into our projects Conducted thorough code reviews, identifying potential issues. Instituted robust quality assurance procedures. Frontend Developer and Ul/UX designer MAD Technologies, Ethiopia I have worked as a front-end developer, Ul/UX designer, and WordPress and Webflow developer Designed and developed seamless web apps that helped users accomplish their tasks. Senior Frontend developer & Tech Lead		
·	• Tools & software : NextJs, Redux, Ant design, Docker, GitHub Actions	
Taking full charge of the app & assuming a leadership role.	Senior Frontend developer & Tech Lead	
	Taking full charge of the app & assuming a leadership role.	

Developed a comprehensive admin dashboard with various	
functionalities.	
Conducted rigorous code reviews.	
Worked closely with UI/UX designers to translate design concepts	
DoubleDice Web App (6 months)	2022- 2022
DoubleDice, Belgium	
Tools & software: NextJs, Web3, Git Workflow, GitHub projects	
Senior Frontend developer	
Design and develop Web pages.	
Implement server side and client rendering.	
Actively participated in code reviews and continuous improvement	
Jhelly Web App (2 months)	2021- 2021
Jhelly Group, Spain	
Tools & software: NextJs, React, Redux, TailwindCSS	
Senior Frontend developer	
Design and implement user-friendly interfaces for the online buy and	
rental system.	
Conducted user experience (UX) design activities.	
Implemented best practices and coding standards	
IoT Based Garbage Monitoring System (5 Months)	2019- 2019
Addis Ababa University, Ethiopia	
Tools & software: Arduino, C++, Wi-Fi Module, Xampp	
I spearheaded the design, implementation, and integration of	
hardware components using Arduino, Wi-Fi modules, and XAMPP	
web server.	
Designed and implemented an IoT-based Garbage Monitoring	
System	
Integrated Arduino microcontroller, Wi-Fi module, and XAMPP web	
server.	
Text independent speaker recognition & Identification system (5	2018- 2019
Months)	
Addis Ababa University, Ethiopia	
Tools & software: Machine Learning, Python	
We achieved noteworthy accuracy rates in speaker identification.	
Tailored the speaker recognition system for forensic applications.	
Implemented a user-friendly interface that allowed users to upload	
voice samples and perform tests	
SKILLS & CERTIFICATIONS	
• JavaScript Weh3 C++ Java GraphOl Advanced	

- JavaScript, Web3, C++, Java, GraphQL --- **Advanced**
- CMS (WordPress, Webflow, Strapi) ---**Expert**
- CI/CD --- **Intermediate**
- UI/UX (Adobe XD, Figma) --- **Expert**

INTERESTS & ACHIEVEMENTS

- Frontend Lead
- Software Designer & Architecture
